

Our Sustainability Journey so far...

LAUNCHED 2020

During the pandemic, providing essential deliveries with the vision to make the logistics sector 'greener'.

And so began our mission to offer a one-stop sustainable logistics solution.

2022

Introduced the first electric pallet delivery vehicle in the UK.
Achieved Mission Zero Accreditation.
Delivered over 2 million parcels and 20,000 pallets.
Service levels of 99.7%.

2023

Named 'Oxfordshire Business of the Year' for our focus on people and planet.

Sustainability Action Plan, and independent Impact Study.

Social Value, supporting staff and community sit at the heart of our business.

2024

Expand plastic-free fulfilment and zero emission deliveries.

Sustainability Action Plan and target setting aligned to UN 17 SDG's.

Identify, monitor and measure Scope 1-2-3 emissions.

2025 - 2030

Ask us about our Net Zero targets

Our vision is to be the Oxfordshire logistics partner of choice
